ANNUAL INDEX TO THE TEXAS TRANSPORTATION RESEARCHER ISSUES OF 1968 BY SUBJECT AND AUTHOR

A

Aggregates Show Superior Skid Resistance, Hot Mixes With Lightweight, Vol. 4, No. 1, Page 1.

Air-Entrained Concrete Experiments Progress From Basic Findings, Vol. 4, No. 2, Page 7.

Asphalt Cements Are Investigated, Causes of Hardening of, Vol. 4, No. 1, Page 9.

Asphalt Concern Sets Up Scholarships for Texas A&M Students, Vol. 4, No. 1, Page 13.

Asphalt Specialist Presents Latest Data at Materials Meetings. Vol. 4, No. 2, Page 11.

Asphaltic Mixtures Under Static and Dynamic Loading Conditions, Behavior of, Vol. 4, No. 3, Page 10.

B

Barrel Protective Crash Cushion Gives Effective and Economical Impact Attenuation, Texas, Vol. 4, No. 3, Page 1.

Bituminous Cutbacks, Effects of Solvent Contents and Temperatures on the Viscosities of, Vol. 4, No. 2, Page 13.

Bituminous Highway Surfaces in Texas, Maintenance of, Vol. 4, No. 4, Page 12.

Breakaway Highway Sign Supports Are Credited with Saving Lives, Vol. 4, No. 3, Page 16.

Bridge Railing Study Will Be Conducted Under NCHRP Contract, Vol. 4, No. 2, Page 4.

Buffington, Jesse L., The Economic Impact of Interstate Highway Bypasses, Vol. 4, No. 1, Page 2.

Bypasses, The Economic Impact of Interstate Highway, Vol. 4, No. 1, Page 2.

C

Chemical Admixtures and Mixing Methods Affect the Air Void Systems in Portland Cement Mortars, How, Vol. 4, No. 2, Page 12.

Cogill, William H., Effects of Solvent Contents and Temperatures on the Viscosities of Bituminous Cutbacks, Vol. 4, No. 2, Page 13.

Computerized Ramp Metering Reduces Congestion and Accidents on Crowded Freeway, Vol. 4, No. 3, Page 8.

Computerized Traffic Control System for North Central Expressway in Dallas Is Research Plan, Vol. 4, No. 4, Page 1.

Coordinated Transportation System for the Nation Is Goal, Vol. 4, No. 2, Page 5.

D

Design and Traffic Researchers Present Papers at HRB Meeting, Vol. 4, No. 1, Page 12.

Digital Computer Serves Effectively in Traffic System Study, Vol. 4, No. 2, Page 8.

Dingwall Now Heads Texas Highway Department, James C., Vol. 4, No. 1, Page 1.

E

Economist Participates in Symposium, Research, Vol. 4, No. 1, Page 13.

Effects of Interstate Highways and Frontage Roads on Industrial Development Are Evaluated, Vol. 4, No. 4, Page 9.

Expressways of Double-Deck Design, Former State Highway Engineer Predicts More, Vol. 4, No. 1, Page 8.

F

Floodlighting Highway Interchange Areas, Vol. 4, No. 3, Page 3.

G

Gallaway, Bob M. and P. M. K. Gandhi, Behavior of Asphaltic Mixtures Under Static and Dynamic Loading Condition, Vol. 4, No. 3, Page 10.

Gandhi, P. M. K. and Bob M. Gallaway, Behavior of Asphaltic Mixtures Under Static and Dynamic Loading Conditions, Vol. 4, No. 3, Page 10.

Goolsby, Merrill E., Digital Computer Serves Effectively in Traffic System Study, Vol. 4, No. 2, Page 8.

Grade Crossing Safety Is Discussed, Progress in Vol. 4, No. 4, Page 16.

Grade Crossing Safety Symposium Attracts Delegates From Thirty States, Vol. 4, No. 1, Page 11.

Grade Crossings Are Evaluated in Safety Study, Texas, Vol. 4, No. 3, Page 8.

H

HRB Annual Meeting Attracts Texas A&M Researchers and Officials, Vol. 4, No. 1, Page 13.

Hargett, Emil R., Maintenance of Bituminous Highway Surfaces in Texas, Vol. 4, No. 4, Page 12.

Highway Construction Is New Research Study, Statistical Quality Control for, Vol. 4, No. 1, Page 7.

Highway Engineering Awards Are Presented by John S. Redditt, Vol. 4, No. 1, Page 12.

Hirsch, T. J., Lowery, L. L., and C. H. Samson, Jr., Energy Output of Impact Pile Driving Hammers, Vol. 4, No. 3, Page 14.

Highway Visual Systems Are Being Studied for Improvement, Vol. 4, No. 4, Page 1.

Horn, Louis J., More Effective Vehicle Merging Is Possible for Urban Freeways, Vol. 4, No. 4, Page 6.

I

Illumination, Factors Involving Visibility at Low Levels of, Vol. 4, No. 2, Page 2.

Ivey, Don L. and Patrick H. Torrans, Air-Entrained Concrete Experiments Progress From Basic Findings, Vol. 4, No. 2, Page 7.

Ivey, Don L. and Patrick H. Torrans, How Chemical Admixtures and Mixing Methods Affect the Air Void Systems in Portland Cement Mortars, Vol. 4, No. 2, Page 12.

K

Kiln Will Be Designed for East Pakistan, Research, Vol. 4, No. 2, Page 1.

L

Land Areas Along Highways Are Studied to Obtain Economic Facts, Vol. 4, No. 3, Page 10.

Lighting Systems Are Under Intensive Experimentation, Continuous, Vol. 4, No. 3, Page 13.

Lowery, L. L., Hirsch, T. J. and C. H. Samson, Jr., Energy Output of Impact Pile Driving Hammers, Vol. 4, No. 3, Page 14.

M

Materials Papers Are Presented at National Meeting, Vol. 4, No. 1, Page 14.

Merging Control System, Instrumented Car Aids in Research for, Vol. 4, No. 2, Page 3.

Mixing Machine for Research Use, TTI Receives Loan of, Vol. 4, No. 2, Page 11.

Motor Shipment Cost Procedures Are Described for Forum, Vol. 4, No. 4, Page 8.

N

National Committee Meetings, Research Coordinator Presides at, Vol. 4, No. 1, Page 9.

O

Outdoor Advertising Industry Is Surveyed in Interest of Highway Environment, Vol. 4, No. 4, Page 8.

Overhead Sign Bridges, Break-away Safety Features Are Sought for, Vol. 4, No. 4, Page 11.

P

Paving Asphalt by Short Wavelength Sunlight, Hardening of, Vol. 4, No. 4, Page 3.

Pile Driving Experiments Involve Failure Mechanisms in Clay Soils, Vol. 4, No. 1, Page 9.

Precast Beams Is Developed, Creep Prediction Procedure for, Vol. 4, No. 2, Page 10.

R

Reinforced Concrete Bridge Decks Is Goal of Research, Effective Repair of, Vol. 4, No. 4, Page 10.

Researcher Receives Four ASTM Committee Assignments, Vol. 4, No. 3, Page 16.

Researcher Will Teach in Thailand, Vol. 4, No. 3, Page 10.

Roadside Vegetation Specialist Moderates Panel at Weed Conference, Vol. 4, No. 1, Page 11.

Rowan, Neilon J. and Ned E. Walton, Floodlighting Highway Interchange Areas, Vol. 4, No. 3, Page 3.

S

Safety Research Center, Coordinator Is Appointed for New TTI Highway, Vol. 4, No. 2, Page 1.

Samson, C. H. Jr., Lowery, L. L., and T. J. Hirsch, Energy Output of Impact Pile Driving Hammers, Vol. 4, No. 3, Page 14.

Signing Is Urged by Experts of Lighting, Better, Vol. 4, No. 3, Page 1.

Staggered Working Hours Can Ease Urban Peak Travel Demand, Vol. 4, No. 3, Page 7.

Synthetic Aggregates Are Being Appraised in Research, Vol. 4, No. 3, Page 6.

Synthetic Aggregates in Flexible Bases, Preliminary Results Favor Use of, Vol. 4, No. 3, Page 8.

Synthetic Aggregate Paper Wins in ASCE Competition, Vol. 4, No. 4, Page 2.

T

THD Highway Design Head Retires After Extensive Career, Vol. 4, No. 1, Page 14.

TTI Official Is Appointed to Reserve Unit, Vol. 4, No. 2, Page 6.

TTI Researchers Win HRB Award for Best Paper, Vol. 4, No. 1, Page 1.

Templeton, A. E., Factors Involving Visibility at Low Levels of Illumination, Vol. 4, No. 2, Page 2.

Torrans, Patrick H. and Don L. Ivey, Air-Entrained Concrete Experiments Progress From Basic Findings, Vol. 4, No. 2, Page 7.

Traction Studies of Auto Tires Will Be Conducted by TTI, Vol. 4, No. 2, Page 5.

Transfer of Technology Between Modes Is Planned, Vol. 4, No. 3, Page 7.

Transformer Bases Perform Well in Crash Tests, Cast Aluminum, Vol. 4, No. 1, Page 7.

Transportation Research Aids Educational Endeavors, Vol. 4, No. 3, Page 2.

Transportation Research at A&M, New Computer Now Serves in, Vol. 4, No. 1, Page 13.

Traxler, R. N., Hardening of Paving Asphalt by Short Wavelength Sunlight, Vol. 4, No. 4, Page 3.

Truck Studies Involve Use and Taxation, Vol. 4, No. 3, Page 16.

U

Urban and Regional Travel Are Research Subjects, Vol. 4, No. 4, Page 7.

Urban Mobility Depends on Best Use of Modes, Total, Vol. 4, No. 3, Page 6.

Urban Planning Session Attracts Many Public Officials, Vol. 4, No. 2, Page 6.

V

Vegetation Specialist Suggests Technique for Ryegrass Control in the Spring, Roadside, Vol. 4, No. 2, Page 10.

Vehicle Merging Is Possible for Urban Freeways, More Effective, Vol. 4, No. 4, Page 6.

W

Walton, Ned E. and Neilon J. Rowan, Floodlighting Highway Interchange Areas, Vol. 4, No. 3, Page 3.
